

THE OTHER SIDE

inside the lives of special
needs childrens' educators

PRABHAT FOUNDATION

Prabhat serves children and adults with mental and physical challenges, helping them to achieve their full potential. Educators play a vital role in the overall development of them and make sure that they are a step closer to their dreams.

While Prabhat provides education at its centre it has a special provision of home based education for children who are unable to come to the centre.

HOME BASED PROGRAM

One of the most eminent
educators at Prabhat is **jagruti
desai**

Before Jagrutiben joined Prabhat, she used to work as an accountant. However, after getting to know that her daughter is handicapped, she was heartbroken.

Despite getting backlash from her family, she didn't give up on her daughter. Instead she trained herself to help her. .

This is why she joined Prabhat so that she could help children who are just like her daughter. She's been an important part of Prabhat and has been working selflessly for 12 years.

PERSONAL LIFE

Prabhat began work with one child and today its outreach touches more than 3000 persons with special needs in Ahmedabad as well as to their families, neighbours and communities, thanks to dedicated and passionate teachers and staff.
